-----------------	---

**Please describe the submission:**

This is a master plan for the Bridgeville-Greenwood area of the Nanticoke Watershed. The driver is the Chesapeake Watershed Implementation Plan and the Town of Bridgeville's wastewater concerns. However, we have also attempted to address comp plan issues so this can also serve as an update to both Greenwood and Bridgeville.

I am expecting implementation section to be refined during this process. Also, I will include more Census data in the Appendix. This PDF is a 98% complete version of the final draft.
